

# Fleet

Management

Manage  
driver behavior

Reduce  
fuel costs

Increase fleet  
productivity

Taking fleet  
management  
from challenge  
to success

**GLTrack** for fleets is an innovative web-based fleet management platform available in SaaS and server-based delivery modes. The system lets you focus on the KPIs of particular importance, thereby maximizing your efficiency.

Reduce labor, fuel and depreciation costs by decreasing idle time, optimizing miles driven and managing driver behavior. Plus, get to more jobs faster and get more done.

**GLTRACK**  
*no distance is far*

# FEATURES

Driving habits  
and driver behavior analysis

Flexible report-building tools

J1939/J1708 protocols and  
OBDII interface support

Electronic Driver Logs

Accurate odometer reportings and mileage counters

Integration with ERP and back office systems

Route optimization tools

Alerts based on over 30 trigger types

Real-time KPI monitoring

Temperature control  
in refrigerated and FMCG trucks

Fuel monitoring

Mobile app for iOS and  
Android

## Application

# Fuel

Tracking

Decrease fuel thefts  
by up to

90%

Reduce fuel  
costs by up to

15%

Optimize fleet  
efficiency by up to

30%

## Discover where your fuel goes

Fuel is typically one of the largest fleet expenses. Finding ways to minimize fuel spent can substantially improve the bottom line.

**GLTrack** fuel monitoring system provides intelligent tools to keep track of fuel consumption and easily detect fuel thefts. Fuel information can be sourced from CAN-bus of a vehicle or after-market fuel sensors. Take charge of your fuel use with **GLTrack**

**GLTRACK**  
*no distance is far*

# FEATURES

Intelligent fuel consumption management

Map markers for fuel thefts and fuel fillings

Visibility into fuel level in tanks

All types of sensors: CAN/Fuel level probes, etc.

Powerful report-building tools

Dashboard to track relevant KPIs in real time

Integration with EPR and back office applications

## Application

# Asset Tracking

Dashboard for KPIs  
visualization

Indicators from various  
asset sensors

Cellular tower-based  
positioning option  
for improved tracking

## Essentials of intelligent tracking

Effective asset tracking often gives businesses an advantage that propels them past competition. Wialon tools provide dynamic data on location and condition of assets concerned.

Control every aspect from temperature to airflow, make use of simple or event-based remote video monitoring, embrace flexibility and extensive support for third-party tracking devices and accessories. Choose **GLTrack** for your asset tracking needs.

# Mobile

## Workforce Management

WiaTag app to optimize staff productivity

Effective order management tools

Insight into mobile workforce locations and field operations

## Realize the full value of your workforce

GLTrack is equally effective in controlling couriers, truck drivers and field staff. The system offers advanced business transparency, ensures safer workplace and improves discipline among drivers.

By bringing the office and the field closer, we offer a better way to deal with unfair employees, unauthorized vehicle use and working hours violations.

# FEATURES

WiaTag application  
to track human resources

Instant panic alerts (SOS button)

Flexible order management tools

Text communications between the office and the field

Historical data to analyze and report

Sending locations  
to drivers from the system

Route planning and monitoring

Flexible forms for driver activity reporting

Links generation and  
sharing field worker  
locations with customers

## Application

# Personal

Tracking

Tracking for children,  
the elderly, lone  
workers and teen drivers

Simple links for  
location sharing

Geofence  
control alerts

If you care,  
know where  
they are

**GLTrack** proved to be an optimal personal tracking platform for a variety of solution providers globally. Flexible interface, easy-to-use mobile app, alerting and geofencing options allow for effective personal tracking. Lone workers, the elderly, children, teens or pets - whatever it is that you target, **GLTrack** has you covered.

**GLTrack** ensures extended hardware options with 120+ personal trackers supported in the system. Choose **[Your product]** to build a unique personal tracking solution and make your product stand out.
